Name: \_\_\_\_\_ Email: \_\_\_\_\_

Cell: \_\_\_\_\_ Consignor #: \_\_\_\_\_ T.A.G.S. Fee Amt: \_\_\_\_\_  
(To be filled in by tagger)

By signing this agreement, Consignor is agreeing to the terms and conditions of using the tagging services for The Consignment Connection – Crafters Exchange Consignment Sale, hereafter known as TCC.

**The Consignor agrees to the following terms. Read and sign on the last page.**

1. Examine your items carefully for stains, broken or missing pieces, low batteries, recalls, et cetera, before meeting your tagger to hand over your items for the current sale. Any items dropped off with the T.A.G.S. Team Member that do not meet the required specifications from our accepted/not accepted list found on our website will be returned to the Consignor unless the consignor requests that those items be donated at the end of the sale. Items not meeting our guidelines and/or that do not pass the screening process may not be tagged for the sale.
2. The signed T.A.G.S. Agreement can be emailed to [info@theconsignmentconnection.com](mailto:info@theconsignmentconnection.com) before the T.A.G.S. Team Member picks up the items, or you can give the forms to the T.A.G.S. Team Member when they pick up your items.
3. The T.A.G.S. supply fee must be paid directly to the T.A.G.S. Team Member. The fee can be paid in cash or whatever method the T.A.G.S. Team Member prefers. The fee covers supplies the T.A.G.S. Team Member will use while preparing your items for the sale. (See fee chart below.) All items should be categorized in totes, tubs, or boxes. A \$5 discount will be given on the supply fee if the consignor supplies enough baggies, tape, etc. for the entire load.
4. The T.A.G.S. Team Member and Consignor will meet at a public location that is convenient for both parties. Meetups with the T.A.G.S. Team Member should be completed in one trip. If a Consignor finds more items and a second meetup is needed, an extra \$15 fee must be paid to the T.A.G.S. Team Member for making another trip to pick up items. Your supply fee could also increase, depending on how many items you add to the sale.
5. Make note that some categories of items could have quantity limits. Those limits are listed on our website. All items received that are over these limits will be returned to the Consignor at the scheduled pickup time for the current sale.
6. Your tote(s) will be used for sorting your items for pickup at the end of the sale. Be sure that your Consignor number is clearly visible on your tote(s). If you are donating your unsold items after the sale, your items should be given to your T.A.G.S. Team Member in boxes with flaps so that we can easily stack the boxes for transporting after the sale.
7. Your T.A.G.S. Team Member will price your items as suggested by you from the T.A.G.S. online form that you submitted when requesting the tagging service and as the tagger deems appropriate. The T.A.G.S. Team Member uses their best judgment and experience and online searches for references when pricing your items.

8. Your items will be marked as donated or pickup according to the online form that was submitted when requesting the tagging service.
9. To ensure a smooth process, please inform your tagger if you would like to review your items before the tags are printed. If you would like to review the prices, please do so on the day when the tagger notifies you that the items are ready for review. This step is crucial, because having all the items waiting in the tagger's office for review before printing tags can be quite challenging. By promptly reviewing your entered items and making any necessary pricing changes, the tagger can efficiently tag and box up all the items for storage. The Consignor will communicate with the T.A.G.S. Team Member that they are satisfied with the entries and tags can be printed. Once the tags are printed, no changes can be made to your tags. The T.A.G.S. Team Member and/or TCC are not responsible if your items do not sell.
10. Consignor understands that the T.A.G.S. Team Member and/or TCC are not responsible for any theft, damage, or loss of consigned items.
11. Consignors using the T.A.G.S. service receive the perks of shopping early at the Consignor presale times stated on our website for the current sale. The Consignor will receive their presale passes at the information desk upon arrival on your presale shopping night.
12. It is the responsibility of the Consignor to pick up any unsold items at the scheduled pickup time listed for the current event if you have elected not to donate your items after the sale. The tagger is not responsible for picking up your unsold items.
13. The commission percentages for using this service will be 50% to the Consignor, 20% to the T.A.G.S. Team Member, and 30% to TCC. Commission will be paid to each party within two weeks after the close of the current sale you are consigning in.
14. Consignor understands that any unsold items left after the scheduled pickup time listed for the current sale will become the property of TCC, and they may be donated to our selected charity or used at the sole discretion of TCC.
15. I have read and understand all of the Consignor guidelines and the accepted item list on the TCC website, and I have not included any unaccepted items for the current sale, and my items are within the accepted quantity limits.
